Re: California Proposition 65

Dear valued customer,

California's Proposition 65, also known as the *Safe Drinking Water and Toxic Enforcement Act of 1986*, entitles consumers in the state of California to warnings for products that contain chemicals known to the state to cause cancer and or birth defects if exposed to such chemicals above certain threshold levels.

This is to certify that **WECO Electrical Connectors Inc.** complies with this act and, to the best of our knowledge, WECO Electrical Connectors Inc. products contain no chemicals on the external product surfaces that can cause cancer or reproductive toxicity, at levels which would require a warning under the statute (in reference to the complete up to date list of affected chemicals <https://oehha.ca.gov/proposition-65/proposition-65-list>), **substances updated on Jan 3, 2020.**

The safety and peace of mind of our customers are among our highest priorities.
We hope that this letter of confirmation will be to your satisfaction.

Sincerely,

Noel Jesuratnam, P.Eng., CSSGB
Director, Global Quality Assurance
WECO Electrical Connectors Inc.
